# Spot the differences

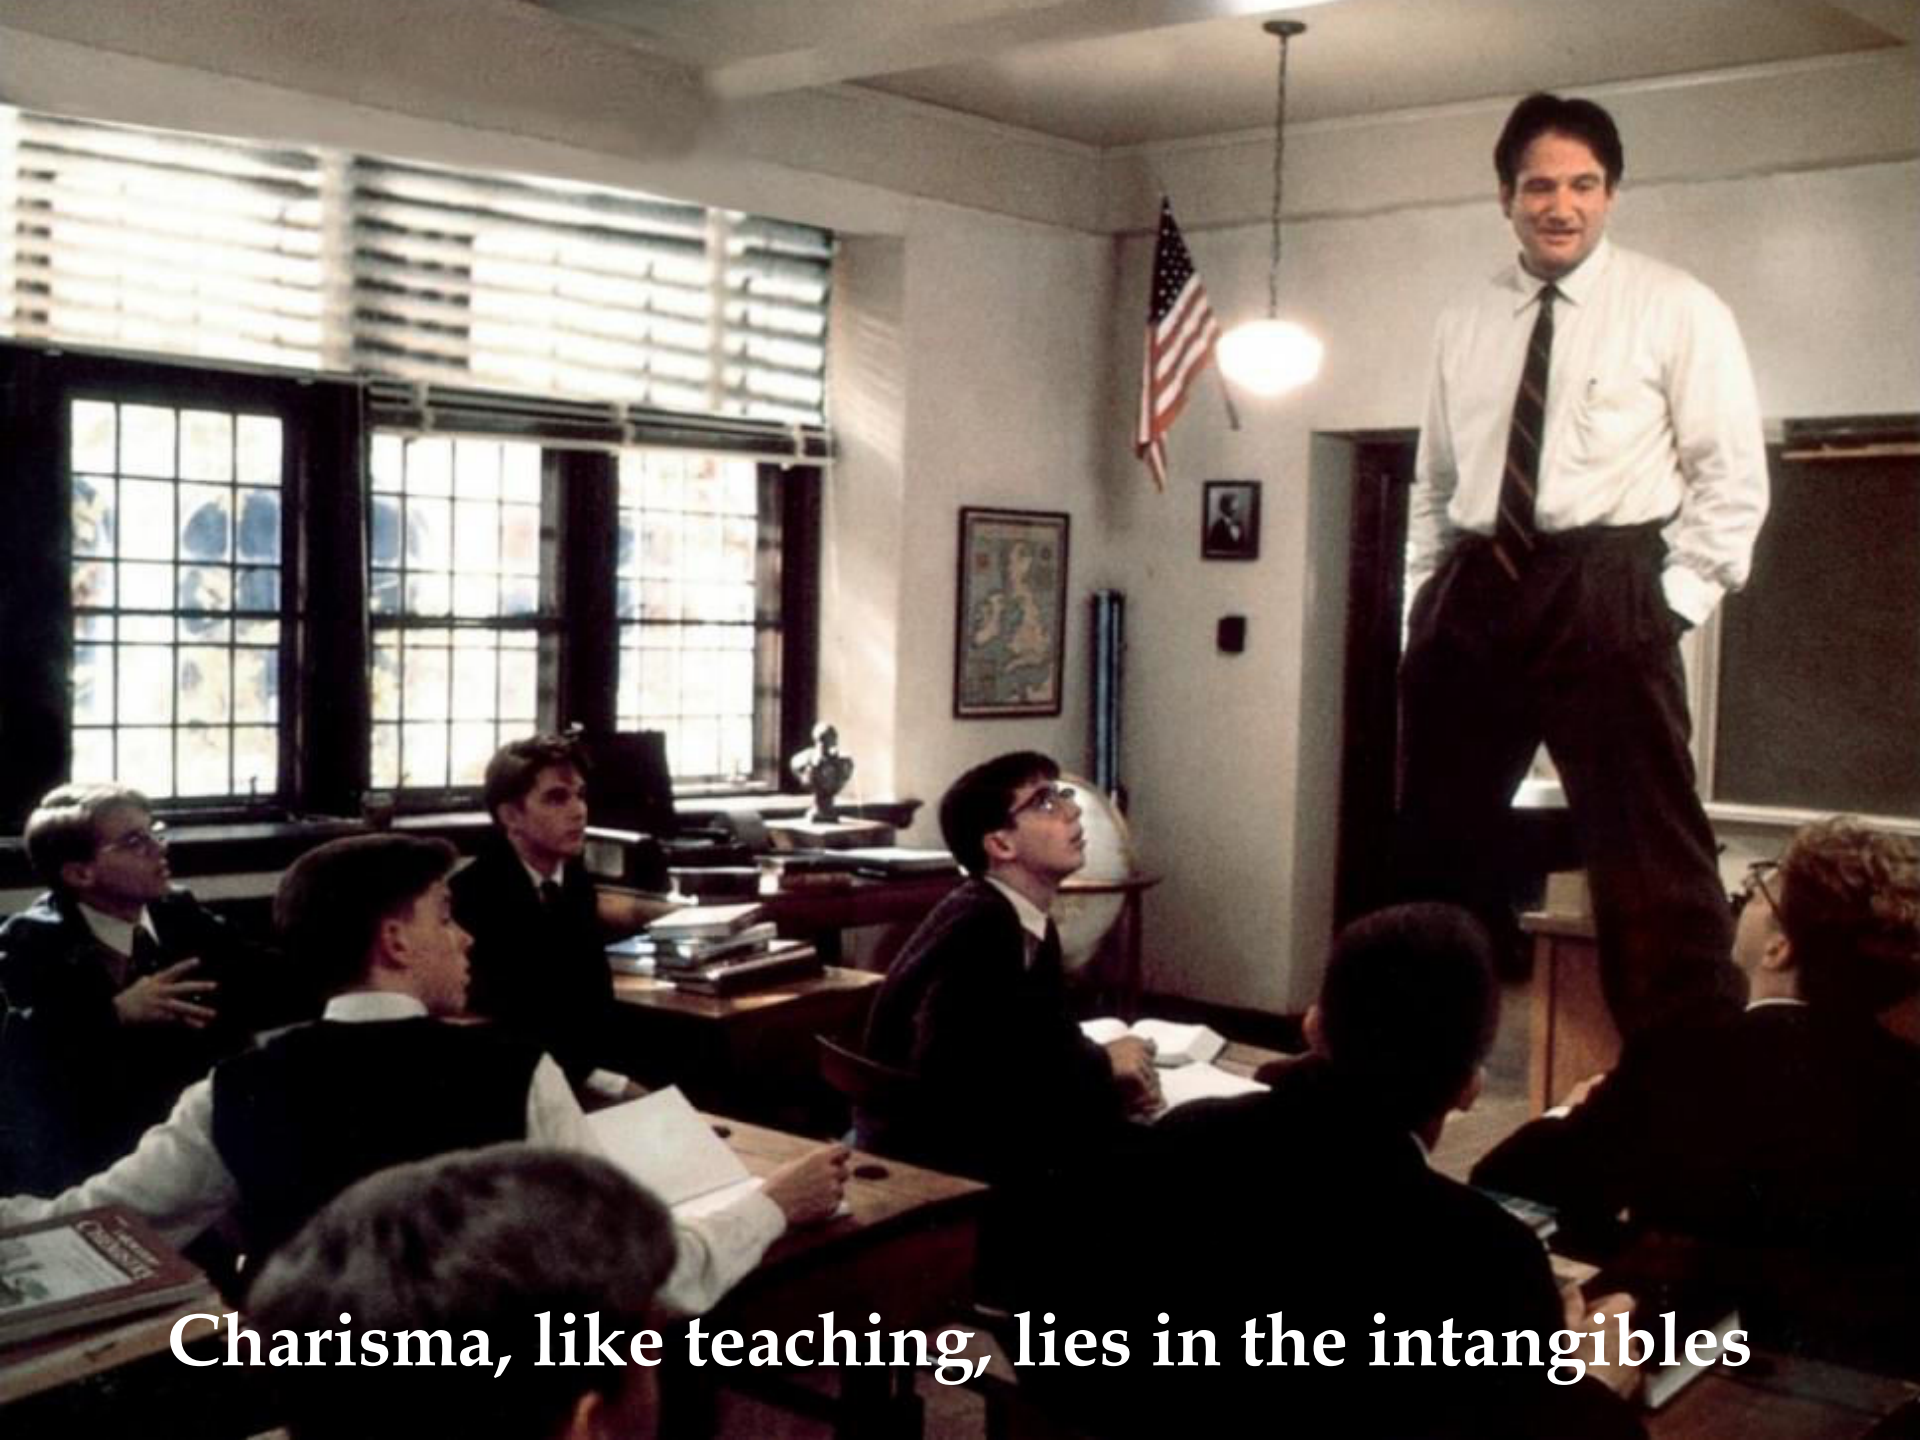

# Understanding charisma

# HAIL

- **Honesty**
- **Authenticity**
- **Integrity**
- **Love**

**Charisma, like teaching, lies in the intangibles**

- **It's all about relationships**

(SS don't care what you know if you don't care)

- **It's about passion**

(SS will love what you love)

- **It's about being YOU**

(we teach who we are)

- **It's about teaching life skills**

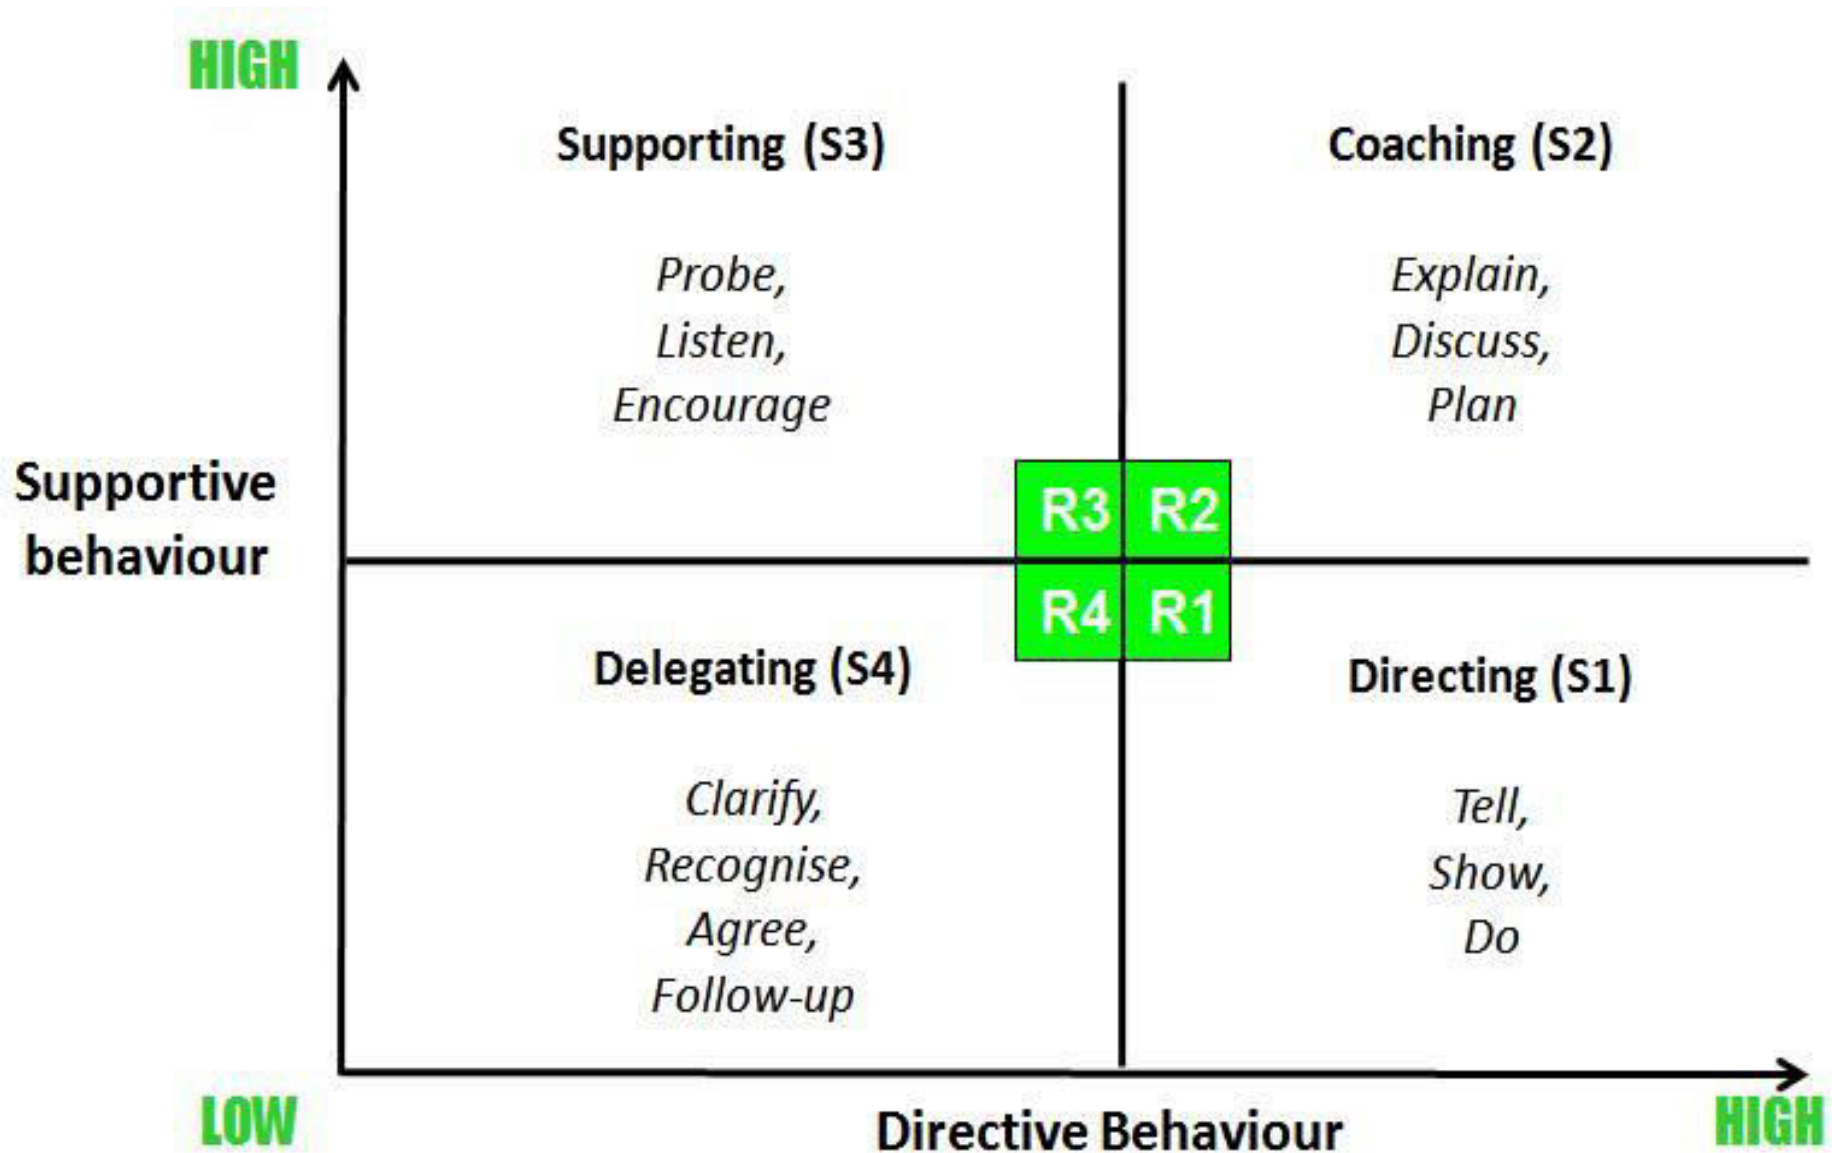

(making students simply "better", to be self directed, compassionate, empathic and simpathetic)

- **It's about ALL students:**

"Kids everywhere face academic pressure, peer pressure and their own share of trauma and pain. They all have the same brains, prone to faulty wiring and chemical imbalances".

# Situational leadership (Ken Blanchard)

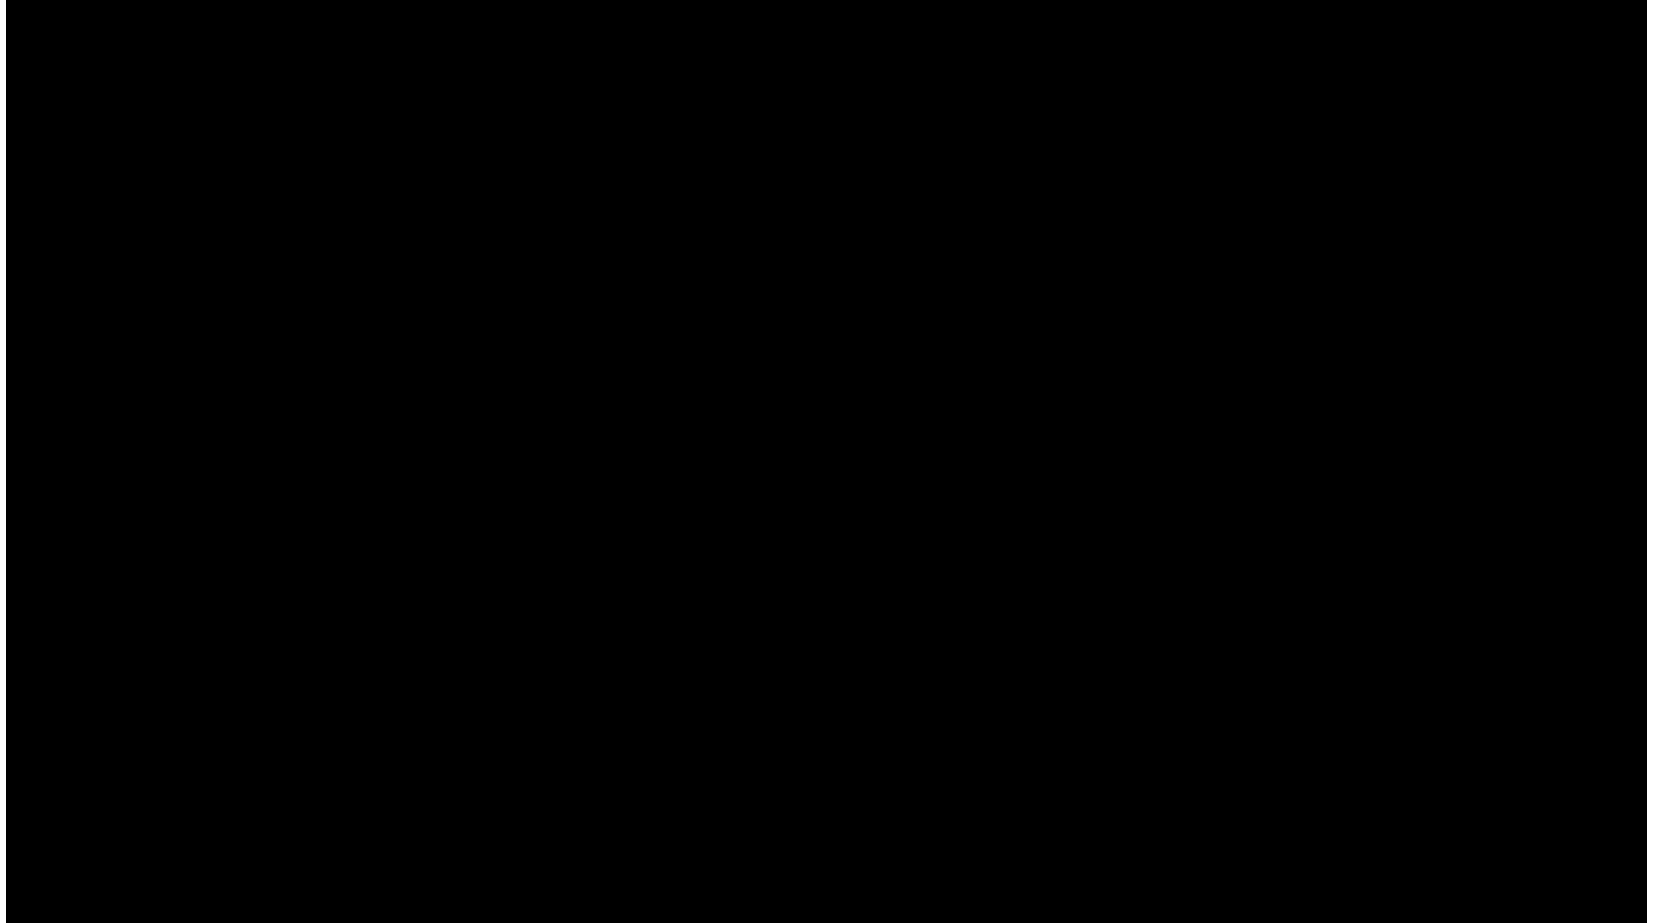

# I sound my Barbaric Yawp...

# Past and Future
